

Application & Admission

Science at SEA

Open to high school students who have completed their freshman, sophomore, or junior years and have successfully completed at least one high school level science and one high school level mathematics course.

Oceanography of the Southern California Bight

Open to high school students who have completed their sophomore, junior or senior years and have participated in a rigorous academic curriculum successfully completing one high school college preparatory science course.

Oceanography of the Gulf of Maine – Not offered in Summer 2010.

A Complete Application to SAS or OSCB Includes:

- Application form. Apply online or download a paper application at <http://www.sea.edu/admissions/hsapplyonline.aspx>.
- \$25 application fee. Pay online or with a check made payable to "Sea Education Association" (please write student's name and "HS Program" on the check).
- Application essays (200-word minimum for each). Essay topics and instructions may be found online or on the paper application.
- Official high school transcript. A faxed copy directly from the school is acceptable.
- Reference form completed by a science teacher who has taught the student during the last year. Form is at the end of this document.

Application Process

Applicants may submit the separate application pieces at different times. An acknowledgement letter will be mailed upon receipt of the first piece. In order to ensure prompt review, please list the student's name and the program(s) to which he/she is applying on each application item. It is the student's responsibility to be sure the application is complete and ready for review. Applicants may follow up with the SEA Admission Office at any time to check on their status.

Application Review

SEA admits students on a rolling admissions basis. The review process for complete applications is completed on a weekly basis and continues until the programs are filled. Please contact the SEA Admission Office to inquire about space availability.

Expenses and Financial Assistance

Program Expenses (Includes room, board, tuition, lab and book fee)

Science at SEA	TBA for 2010
Oceanography of the Southern California Bight	TBA for 2010
Oceanography of the Gulf of Maine	Not offered in 2010

SEA Need-Based Financial Assistance

Applying for financial assistance will not affect your chances for admission. A limited number of need-based scholarships are available. To apply for a need-based scholarship, send the following to the SEA Admission Office:

- A letter explaining your family's financial situation. Include the number of children in college or private schools; special circumstances such as high medical bills or unemployment; or other pertinent information. Also include the amount that you and your family can contribute toward the program cost.
- Your supporting parent's 2009 Federal Tax Return. Use the 2008 tax return if the 2009 is unavailable.

Financial aid applications are due by April 16, 2010. Awards are determined after acceptance to the program; recipients will be notified by phone. No awards will be determined prior to January 31, 2010.

Additional Assistance

In the past, students have obtained scholarships on their own. Check with local organizations such as the Rotary Club, Knights of Columbus, Garden Club, Audubon Society, the local public library, and your own high school.

Milton Academy Scholarship

Milton Academy awards the Roger Hallowell Scholarship to one Milton Academy student each summer to cover his/her "Program Expenses." Deadlines may apply. Contact: Mr. Tom Gagnon, Science Department, Milton Academy, 617.898.1798.

Cape Cod Resident Scholarship

SEA awards this scholarship to one student each summer who is a year-round resident of Cape Cod or the Islands to cover his/her "Program Expenses." April 20 deadline. Contact: Ms. Dale Dean, SEA Financial Aid Office, 800.552.3633 ext. 35.

American Sail Training Association Scholarships

ASTA offers awards of varying amounts each year. To apply, students must first be accepted to an SEA High School Summer Seminar. Deadlines may apply. Contact: 401.846.1775 or apply online at www.tallships.sailtraining.org.

Salish Sea Expeditions Scholarship

SEA awards this scholarship to an outstanding student who has completed an expedition with Salish Sea Expeditions in Puget Sound, Washington, to defray the cost of the program. April 20 deadline. Contact: Ms. Dale Dean, SEA Financial Aid Office, 800.552.3633 ext. 35

Application Essays

We're interested in seeing a sample of your writing and hearing from you directly about your expectations and preparation for this experience. Respond in a minimum of 200 words to **each** question as thoughtfully and specifically as possible. Please type, proofread, and identify your work by affixing your name to the top of each page.

1. Explain why you wish to participate in this program. How will you benefit from this experience? How will you contribute to the program?
2. Tell us about a community of which you are an active member. What do you give and take from this group of people?

Reference

List here the individual whom you have asked to complete a reference form on your behalf. It is preferable that this person is your current science teacher. You may submit more than one reference, especially if your strongest reference is not a science teacher.

SEA High School Summer Seminars

Teacher Reference Form

To the Applicant:

Give this form to the teacher listed on your application. Again, it is preferable that this person is your current science teacher.

Under the provisions of the Family Educational Rights of Privacy Act of 1974, you have the right to review your educational records. The Act provides that you may waive your right to see recommendations for admission. Indicate below by marking the appropriate box and signing your name whether or not you wish to waive this right.

- I waive any right of access that I may have to this recommendation form.
- I do not waive any right of access that I may have to this recommendation form.

Applicant's Name (Printed) _____

Applicant's Signature _____

**To the Teacher: Applications for admission will not be reviewed without a reference.
Your timely response is appreciated.**

The above-listed student has applied to one of Sea Education Association's (SEA's) High School Summer Seminars. Students spend the first 10 days of the program on shore and then go to sea for the second 10 days on one of our sailing research vessels: the SSV *Corwith Cramer* or the SSV *Robert C. Seamans*.

- **Science at SEA**, offered by Sea Education Association, is a 3-week program for rising high school sophomores, juniors and seniors. The program focuses on the marine environment from different perspectives: its scientific nature, its historical and literary significance, how we sail across it, what it is like to live and work at sea. This is an academic program complete with written assignments. Students are evaluated on achievement and effort.

- **Oceanography of the Southern California Bight** is co-sponsored by Sea Education Association in Woods Hole, Massachusetts and the University of Southern California's Wrigley Marine Institute. It is a 3-week program for rising high school juniors, seniors and college freshmen. Participants study oceanic and coastal marine environments and learn how to collect and process data in the field. This is an academic program complete with written assignments. Students are evaluated on achievement and effort.

The applicant must be able to work productively in a uniquely structured theoretical and practical learning situation. Physically, the student will experience discomfort and fatigue; socially, s/he must be able to get along with others of varying backgrounds; emotionally, s/he must be willing to accept the discipline necessary for the effective operation of the sailing vessel with a group of 35 persons on the open ocean. Your thoughtful response to the questions on the following page will be most helpful.

1. Describe your student's effort in relation to his/her ability.
2. Describe the applicant's strengths, weaknesses, enthusiasms and dislikes.
3. Has the applicant demonstrated the ability to comply with discipline, authority and structure (necessary on board the vessel)? Please explain:
4. How does the applicant demonstrate his/her maturity and tolerance in relation with others? Please explain:
5. Would you foresee any problems if the applicant were to participate in this program? If so, what?

I recommend the above-named student for participation in the SEA High School Summer Seminar(s) to which s/he has applied. I have read the above descriptions and believe that this student has the academic ability and necessary level of maturity to meet the demands of the program.

Signature _____

Name & Position (print) _____

School Name _____ Street, City, State, Zip _____

Phone _____ E-mail _____

Completed references may be:

Mailed to SEA, Admission Office/SEA High School Programs, PO Box 6, Woods Hole, MA 02543

E-mailed to admission@sea.edu

Faxed to 508.540.0558 "Attn: Admission Office/SEA High School Programs"

Thank you for completing this reference form on behalf of your student.
